ESTABLISHMENT PANIC MEASURES CONFIRM:

ISSUE No. 14

ECONOMIC DECLINE + RACIAL CHAOS = NF ROAD TO POWER

DURING recent weeks the press and television mouth-pieces of the Establishment have been waging a desperate campaign to persuade the public that the National Front has "no future in British politics."

Yet behind this propaganda campaign other sections of the Establishment have been working overtime to devise changes in Britain's political system specifically designed to frustrate the NF's desire for greater involvement in elections!

These panic measures indicate that despite all the propaganda aimed at undermining patriots' morale, the Establishment is terrified of the NF's steady membership growth and electoral potential.

Before itemising these behind-the-scenes acts of repression it is important to understand why the Establishment is taking steps to turn the British democratic system into a 'Closed Shop'.

MULTI-RACIAL FAILURE

Off the record, Establishment spokesmen admit that the attempt to create a multi-racial society in Britain has failed and that a racial crisis of cataclysmic proportions is only a matter of time.

America, with its vast wealth-producing capacity, has been able, thus far, to buy off a racial catastrophe simply by throwing vast sums of money at the Black community. But Britain is a nation in

economic and industrial decline.

With the destruction of the British Empire with its cheap sources of raw materials and protected markets for manufactured goods, and with Britain's subsequent absorption as a colony of the European Common Market, her capacity to create new wealth to sustain her high level of population is evaporating.

As a result, there has been a disastrous loss of the brightest wealth-producing young people through emigration. This 'Brain Drain' of talent has been matched by a haemorrhage of vital investment capital.

Into this situation of industrial and economic decay have been

brought millions of fast-breeding Coloured aliens who in the main are not wealth creators but wealth consumers. Their presence in our country has generated a vast new array of socially divisive and economically crippling problems.

Because the British people are not interested in integrating with the alien invaders, and because the various invading races are not interested in associating with each other (save in attacks on the host community) the stage has been set for a breakdown in British society which will manifest itself in an escalation of violent inter-racial conflicts.

The frightened men in power know they have got a tough enough

task maintaining their hold over post-Imperial Britain — even with the help of North Sea oil — but with the additional burden of trying to make a multi-racial society work in a declining economy they realise that their system faces collapse under the strain.

Without opposition they might hope to 'muddle through' the crisis as they have 'muddled through' so often before.

But they cannot hope to do so if there exists a political movement over which they exert no influence or 'patronage control' and which is organised, lawfully and constitutionally, to win support through widespread participation in the democratic electoral system.

PERSECUTION AND CORRUPTION

Believing it unwise at this stage to actually ban the NF by Act of Parliament, they have decided to try to head off the long-term threat posed by the party by means of a mixture of changes in electoral law, administrative persecutions, media intimidation and the corrupt use of the Police force and the Courts.

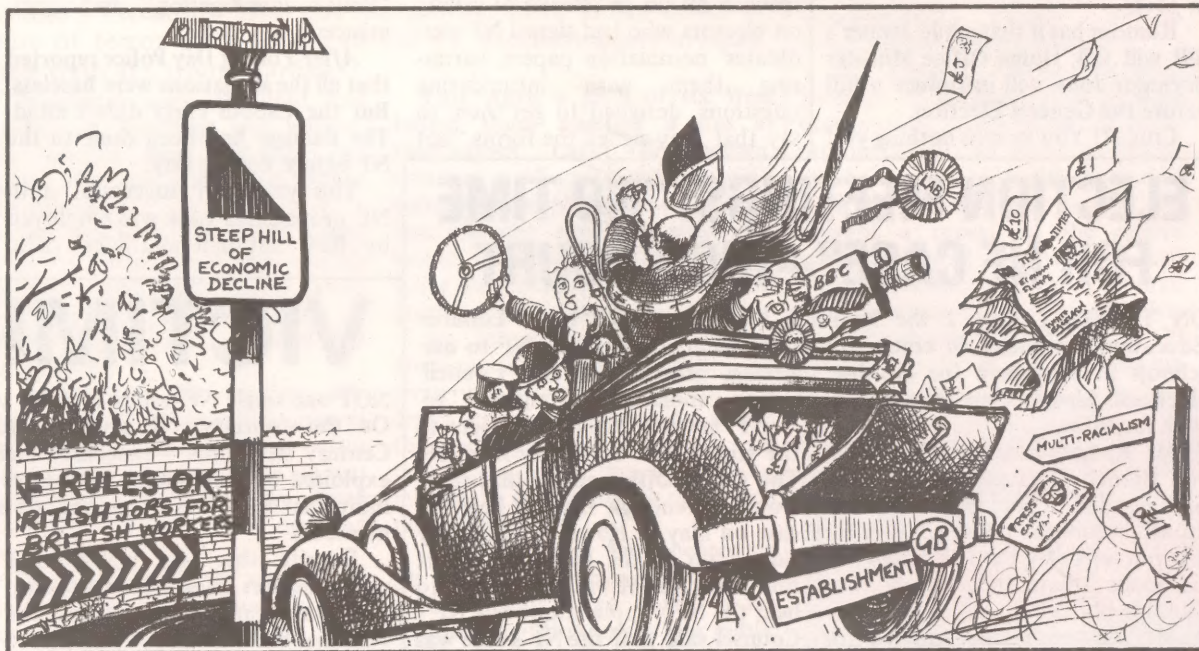

We devote page 2 of this issue to a series of features which detail how the Establishment is seeking changes in electoral law and is mobilising local government authorities, the Police, the Judiciary, the media, the trade unions, the Leftist 'Rentamob' and an array of Church leaders.

All these forces are part of the Establishment's army which seeks to crush the National Front before the inevitable collapse of the multi-racial society and the consequent arrival of our time of opportunity.

The total war being waged by every organ of established society against our young party is completely unprecedented in the history of British Parliamentary politics.

Never since Britain proclaimed herself to be "a democracy" has the Establishment ever marshalled its forces to deny a political party the right to function as a political party.

None of these facts should give patriots any cause for dismay. On the contrary, they indicate that the Establishment knows that the National Front has a bigger future in British politics than even we realise.

Allies in action! A vicious Marxist and his savage Black pal in a joint attack on the Police at Lewisham. A taste of things to come.

Red agitators will be presented with increasing opportunities to exploit the grievances of ordinary people as Britain's industrial decay accelerates.

WHAT IS THE ESTABLISHMENT?

IF BRITAIN or any other Western nation enjoyed a real democracy, those who possessed ultimate power would be simply those who were elected by the people to govern them. And they would carry out the people's wishes.

Yet we know that the people's wishes on very major issues are ignored. The reason is that real power does not lie with the people's representatives at all.

The most powerful force operating in the world today is that of International Finance, which through money manipulation, controls large sections of nations' economies which enables it to dictate to governments and politicians of all parties. In this way Britain's Parliament and other organs of authority such as the media, are dependent upon or directly

controlled by the International Finance elite.

These various centres of power which uniformly reflect the wishes of their financial patrons have become an unrepresentative ruling bureaucracy which we term "the Establishment."

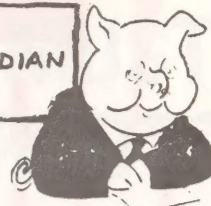

No matter whether Tory or Labour parties win an election, the behind-the-scenes control of Big Money continues.

This is why "the Establishment" servants in Parliament, big business, trade unions, the churches, the academy and the mass media remain entrenched in our country. They are concerned, not with the wishes of the people, but with serving their masters and perpetuating themselves in power.

NF News seeks to persuade its readers to feel angry about the evils of multi-racialism and to direct their anger solely at the corrupt politicians who created a racial problem in Britain, and not to the Immigrant people in general. "Racialism" is NOT unlawful — only "racial hatred".

Now that election deposits are going up, the Police are pushing the NF around, Councils are refusing NF candidates meeting halls, Judges are "too busy" to hear NF lawyers, trade unions are inventing anti-NF rules and Church leaders are preaching that NF members are "evil and demonic" ... it's high time that we splashed a story on *The Plight of the Dissidents in Russia!*

NF News wants to receive named and dated cuttings from local, trade and foreign papers. We also need regular action and progress reports from Branch and Regional Organisers, as well as photographs of national and local NF activities, marked lightly on back in pencil as to date and subject.

ATTACKS ON THE NF BY THE POLICE

EVIDENCE is emerging that the Establishment is now using the Police to fend off the growing challenge of the National Front.

- In January NF Activities Organiser Martin Webster accepted an invitation from the DURHAM University Union Society to propose an anti-Immigration motion. This event was abandoned largely as a result of an Assistant Chief Constable calling on the Union Society President to make statements which scared him into cancelling.

- In February the LUTON Branch of the NF booked a room in Luton Town Hall for a private meeting at which Mr. Webster was to be speaker. The Chief Constable of Bedfordshire wrote to the Council demanding that the NF booking be cancelled for fear of Left Wing disturbances and damage to local Police-ethnic minority relations! The Council agreed.

- Early in April NF Directorate member Andrew Brons wrote to the WEST YORKS Assistant Chief Constable indicating the party's wish to hold its annual St. George's Day march in LEEDS on 22nd April.

His letter, marked "confidential" stated that details of the event would not be released until three days beforehand so as to minimise the possibility of a major confrontation.

The letter was immediately given by the Police to the Press. This was done to give the NF's violent opponents enough advance notice to mobilise, which in turn enabled the Police to obtain a Public Order Act ban on the march "because of likely serious disorders."

- During the LAMBETH Central

(Brixton) by-election campaign in April the Commander of Lambeth Division restricted the number of NF campaigners allowed to distribute literature in the central shopping area. Boxed in by Police, they were threatened with arrest if they moved. No restrictions were placed on NF opponents, either in terms of their numbers or their movements.

Mr. Martin Webster and Mr. Gary Acres, Wandsworth Branch Organiser, visited the Lambeth Police Commander to protest against this bias. The following Saturday Police employed outrageous pretexts for arresting Mr. Webster and Mr. Acres.

- On 22nd April, the LEEDS NF Branch held a meeting to promote its Council election candidates with Mr. Webster as guest speaker. He and the meeting chairman, Mr.

Andrew Brons, had to 'run the gauntlet' of a Red mob — while hundreds of Police watched — to enter the building. Then the Police tried to bully Mr. Brons to admit the mob into the hall!

After the meeting the Police allowed the 1,000 strong Leftist mob to pursue the NF members who were escorted by only three mounted officers. After 15 minutes of repeated attacks the 80 strong NF group fragmented and Mr. Webster was beaten up.

- On Saturday 20th May 14 Wandsworth Branch members held an NF News sales drive for 45 minutes in TOOTING without trouble — ignoring three *Socialist Worker* sellers. A large force of Police suddenly arrived and threatened the NF paper sellers with arrest unless they kept moving. Such instructions

were not given to the *Socialist Worker* sellers.

In view of these instances, while the NF does not propose to adopt an "anti-Police" stance, certain new instructions governing Police/NF relationships at every level in the party may be issued to the NF membership shortly.

Contrary to what the Establishment may be wishing to provoke by promoting the Police to engage in such deplorable conduct, these guidelines to members would in no way take the NF off its constitutional and lawful path.

But Mr. Merlyn Rees, MP — whose Home Office supervises the Police forces — told the NF to "Watch it!" during a speech in the House of Commons last April. This is precisely what NF members will be doing.

Will Parliamentary elections be an Establishment monopoly?

BRITAIN'S Establishment is quite happy to tolerate the existence of a democratic electoral system — just so long as only parties and politicians which it owns and controls make use of it.

Now that the National Front is contesting elections on a nationwide scale, frequently beating the Liberal Party, the excrement is hitting the fan!

"What can we do to restrict access to the democratic system to

our people?" Establishment hacks ask each other.

Zionist MP Greville Janner thinks he has the answer. He has introduced a Private Member's Bill which seeks to raise the candidates' deposit in Parliamentary elections from £150 to £500.

Rumour has it that while Janner's Bill will fail, Home Office Minister Brynmor John will introduce a Bill before the General Election.

Crude?? You've seen nothing yet!

MEDIA LIARS SUBVERT DEMOCRACY

WHERE the National Front is concerned the media are to the Establishment what 'hit men' were to Al Capone: assassins. This is especially so whenever elections come around.

Last year, in the County Council elections, the Labour Party in Ipswich hit on the stroke of calling on electors who had signed NF candidates' nomination papers, harassing them with intimidating questions, designed to get them to say that they signed the forms "not

knowing" which party the candidate stood for.

Allegations of "misrepresentation" and "false pretences" were then trumpeted in local and national papers and on the local radio, as well as announcements that a "Police investigation" had commenced.

After Polling Day Police reported that all the allegations were baseless. But the Labour Party didn't mind. The damage had been done to the NF before Polling Day.

This year that 'successful' anti-NF propaganda trick was employed by BBC national and local radio

and TV journalists, local and national newspaper reporters — in fact the whole of the media rat pack — in a co-ordinated assault on the NF local election campaign.

Every single individual allegation has now been investigated by the Police and in not one single instance has a prosecution been the outcome. Each series of allegations was a pack of deliberate propaganda lies!

If you were to confront a media man with this and make an accusation of "wicked and subversive misuse of power," he would laugh in your face. Truth is NOT his stock in trade!

Church sanctifies power monopoly

THE successful career Churchman knows that preferment will come if he preaches support for the Establishment's every whim as a moral imperative.

Thus Canon Trevor Beeson, on the BBC World Service on April 21, was able to give a positive answer to the question: "Can freedom be defended by undemocratic methods?"

Yes — if the methods are directed against the National Front!

Without any qualification he stated that "the NF poses a similar problem to Italy's Red Brigade."

"The NF makes a special point of contesting elections and creating as much disharmony as possible." (Wow!)

After falsely stating "the NF has as much freedom as any other party," he declared:

"If its power grows a little more it may well be necessary to consider what steps are appropriate ... there can never be unlimited freedom ..."

ELECTION MEETINGS: "NO TIME FOR NF CASE" — HIGH COURT

ON TUESDAY May 2 the National Front took the Inner London Education Authority to court to compel them to allow the NF to use schools in Lewisham for election meetings prior to the May Council elections. Election law says that all election candidates are "entitled" to such facilities.

Mr. Richard Edmonds, Lewisham NF Branch Organiser, applied for S.E. London School (Annex) over a month before the polling day. After a two week delay the ILEA told Mr. Edmonds that the school was "double-booked."

Mr. Edmonds then applied for another school. This time the ILEA refused the booking for two reasons: 1) a public meeting at the school would "interfere with educational activities", 2) that "NF public meetings are not public meetings."

Mr. Edmonds then put in 10 applications for other schools on the ILEA list.

One application was rejected because the school was "unsuitable for public meetings" even though a Socialist Unity candidate had used it for a public meeting the week before!

The other applications were rejected because the schools were "double-booked" for the evening of May 2.

Activists from Lewisham Branch sat outside these schools for the whole evening. In four of them there were no lights on or any activity.

NF lawyers delivered papers to the High Court on Friday April 28. The Court Office stated that there would be enough time to hear the case on May 2. However when they turned up in the Divisional Court the Court said it was "too busy" to hear the NF's application! The NF's Counsel said that the NF's case was urgent but Lord Widgery adjourned it to the following Friday, the day after the elections!

After having been frustrated by the Court the NF withdrew its action the following Friday. To add insult to injury the Court awarded costs to ILEA because "they had been put to a lot of trouble"! This affair was a classic illustration of the way in which two arms of the Establishment work in unison to fend off a challenge from an "outsider".

All this means that the NF has got to meet a bill of about £800 because the Courts are "too busy" to enforce the law when the NF goes to court!

But we will fight this issue in the courts again — next time better prepared to meet the wiles of Establishment corruption!

VICTIMISATION!

NOT one single NF policy is in any way harmful to British trade unionism. On the contrary, NF proposals for the modernisation of their 19th Century structures — especially their voting systems which have become exploited by Communist minorities — could only benefit them and their individual members — among whom are numbered thousands of NF members.

Despite this fact many trade union leaders have joined up with the Establishment's war against the National Front.

With top trade union bosses like Miners' President Joe Gormley able to scoff £50 luncheons in exclusive West End restaurants, it's not too hard to see why this has happened.

One of the original motivations of the trade union movement was the need to defend the ordinary working man's right to hold his own political view and vote for the party of his choice without victimisation!

Now the trade unions are getting organised to institutionalise victimisation against a growing number of their own members, simply because they are National Front members!

In November 1977, Len Murray, TUC General Secretary, issued a circular to TU General Secretaries saying:

"If you discover any National Front leaflets being distributed

amongst your members, I would ask you to forward copies to the TUC so that we can assess how widespread is this effort by the National Front."

Since that bulletin there have been attempts by officials to bully NF TU members out of their political beliefs.

Proposals have been made in various unions to expel NF members from union membership in 'Closed Shop' industries which would effectively deny them the right to earn a living.

Despite this, NF influence within the union movement is starting to grow. NF News will give this development regular coverage.

NF News Nightmare File

A **SEX SLAVE** was how an Old Bailey Court described the 20 year old White schoolteacher victim of Jamaican rapist Frank Pitter, who terrorised and assaulted her out of 'revenge' after watching the anti-White TV saga *Roots*. 'Miss X' was invited to a party, but was taken instead to a house occupied by squatters. She was ordered to strip, and when she refused her Black assailant punched her in the stomach, started shouting about the TV programme and the history of the slave trade and then raped her. Judge Bernard Gillies QC jailed Pitter for six years.

KENYAN ASIAN Mohammed Aslam Khan of Perry Barr, Birmingham, who has nine children and lives on £92 a week in state benefits, applied to buy a council house, promising the Council that the mortgage repayments would be met from his dole money. But Birmingham Council has decided to buy the house presently occupied by the Khan family and provide them with a four-bedroomed council home to alleviate their "appalling overcrowding."

A "TERRIFYING RAMPAGE" was how Leeds Crown Court described the indiscriminate stabbing of six people by Steven Touray after a mother had barred him from dating her daughter because he was a half-caste. After stabbing the mother in the liver with a 6 inch knife Touray went berserk, knocking on doors and stabbing whoever answered, including half-blind, 78 year-old grandmother Mrs. Alice Cox. The half-caste was jailed for 3 years on five charges of malicious wounding as well as the theft of £19.

DUSTBIN LIDS, a machete, stones and bottles were some of the weapons used against Policemen by a screaming mob of 50 Rastafarian Blacks outside the Monte Carlo Club, Handsworth, after Police tried to disperse them, Birmingham Crown Court heard recently. One Black, who was chased into an alley by two Policemen, lashed out at them with a machete. Another Black attacked a PC with a piece of wood studded with nails.

TUBERCULOSIS tests were carried out on the entire staff and patients of Scalebor Park Hospital in West Yorkshire following the death from the disease of an immigrant doctor who worked there. Muddappa Murthy, an Indian who had lived in Britain for five years, was a registrar at the hospital. Bradford Area Health Authority said there was "no cause for public alarm."

MUGGINGS by Black youths in the Stoke Newington area of North London have grown so alarmingly that a special detective squad has been formed to fight them. There have been over 1,000 muggings in the area in 12 months. Said Commander Dick Barton of G Division: "There can hardly be a person in Stoke Newington today who hasn't been mugged or doesn't know someone who has."

"BRUTAL and unprovoked" was how the prosecution at Stafford Crown Court described a recent attack on a Policeman in Wolverhampton by Asian brothers Jasbir and Sarjit Singh. The Policeman, PC Daniel Osborn, asked the Asians to "stop larking about" on a pedestrian crossing. They responded by "mercilessly kicking him unconscious."

A **FRACTURED NOSE**, two black eyes and multiple bruises were sustained by 'liberal' college lecturer Lionel King after he was savagely beaten up in a Handsworth, Birmingham park by a gang of 30 Black children aged between six and thirteen. "We've got a Whitey on the ground" yelled one Black juvenile thug after the gang had first attacked Mr. King's eight year-old daughter and then assaulted him, brandishing knives. "I have always regarded myself as being liberal," said Mr. King. "I am afraid I have got a bit of a mental blockage now regarding race relationships."

MASS DEATH was the result of an insurance fraud by Asian 'businessman' Mohammed Arshad of Bristol. Arshad, in debt to the tune of £11,000, planned to claim £21,000 in insurance money by burning down the Raj Restaurant while six lodgers were asleep upstairs. All six were burned to death.

A "HALF-CASTE Asian with black greasy hair" is being sought by Birmingham Police after a horrific sex attack on a 12 year-old girl who was lassoed from behind with rope before being dragged to waste ground, brutally battered and raped. The girl suffered serious head injuries. She was his second 'lassoe' victim in two weeks.

SIX-FOOT-FOUR West Indian "social worker" John Bulled of Clapham, South London, was convicted at the Old Bailey of brutally raping a pretty 20 year-old babysitter whom he had lured to his flat. Bulled told the court: "Women find me a very compassionate and warm, loving person." The judge decided he was suffering from "chronic mania" and sent him to a mental hospital for an indefinite period.

UPSURGE IN ASIAN VIOLENCE

THE media has redoubled its efforts to create an image of the Asian community as meek saintly folk confronting martyrdom in an orgy of genocidal White violence.

The truth is that Asian Immigrants' propensity for corruption and communal violence in Britain is well in keeping with the horrific traditions of their homelands.

For example, when an Asian youth called Chaggar was attacked by a gang and stabbed to death in Southall, West London, in 1976, an hysterical Asian mob rioted, attacking White people with clubs.

Two Asian rioters were arrested and the mob besieged Southall Police station, compelling the Police to release their prisoners!

The Press described the Southall riots as: "a response to a racist murder . . ." despite the fact that the gang which killed Chaggar was a MULTI-RACIAL gang, comprising West Indian and White youths.

The Police 'Identikit' drawing of one of the suspects in the killing of Altab Ali in Tower Hamlets, East London, in May of this year showed a half-cast Black. But again the media has portrayed the Asian's death as "a racist murder."

"Savagery of a Gang Battle" was the headline given to a report in an

East London paper in March which described how a group of Asians armed with knives, a screwdriver and a sharpened chisel fought a 20 minute battle in the street.

By the time the battle was over, give men were badly injured, one with a six-inch deep stab wound. The fight arose out of an argument during a factory canteen gambling session.

A row between two gangs of Asian 'businessmen' over control of

Violent Asian landlord Iqbal Hader

a market stall in Liverpool led to a battle with hockey sticks, cricket stumps, knives and axes, Liverpool Crown Court was told in February.

The Asian community does not just stage murderous battles over gambling or 'business' disputes. Brawls among Sikhs in their temples are commonplace and have often been reported in NF News.

The latest case took place in Stepney, East London. Cricket bats, clubs and knuckledusters were

wielded as 100 brawling shrieking Sikhs spilled out of their temple and into the road.

One of the men arrested in this bloody brawl, Ratan Singh Rathor, acts as a Sikh Community-Police liaison officer and briefs the Press about "White racist violence against Asians."

Four Pakistani gangsters kidnapped millionaire Asian 'businessman' Sabur Rahman to ransom him for £½ million, Manchester Crown Court heard in February. He was snatched at knife point then held in a "safe house" in Blackburn's Asian ghetto.

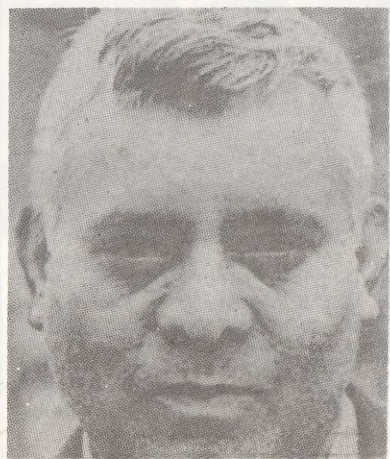

Frightened tenants and local councillors in Shepherd's Bush, West London, have united in protest against the leniency of the Crown Court fines on two Asian landlords — brothers Iqbal and Ejaz Hader — who had violently harassed two of their tenants and unlawfully evicted a third.

In one incident, they smashed their way at midnight into the room of Mr. Frank Lett, a tenant of 18 years standing, and told him to vacate within 12 days or he would "vanish into thin air."

Officers of the British Raj in India used to say: "The natives are either at your feet or at your throat." As the huge Asian community in Britain daily grows more numerous there are clearly terrible days ahead.

Rioting Asians attack Whites at random in Southall

ILLEGAL IMMIGRATION RACKETS BOOM

THIS is Sarwan Singh. He was jailed recently by Stoke-on-Trent Crown Court for being the "Mr. Fixit" of a vast illegal immigration racket which reputedly netted him more than £1 million.

Singh helped Asian "overstayers" to remain in Britain by providing them with forged Social Security cards and other faked documents.

As his average charge was about £100 for each illegal immigrant, it is clear that his racket alone must have enabled thousands of illegal

immigrants to stay in Britain.

A similar forged documents swindle was operated by Abdul Khaliq in Lancashire. He tried to persuade Burnley Crown Court of his innocence by saying:

"If I wanted to help somebody come into this country it would be very easy to bring someone in legally by arranging a marriage."

Yet another forged documents set-up was operated in Bradford by Nian Mohammed Nawaz, Wakefield Crown Court decided recently.

These and numerous other recent cases indicate that the illegal immigration rackets are gigantic money-spinning operations involving many thousands of immigrants every year.

AMNESTIES

This situation makes complete nonsense of Government figures for immigration. As a result, the Labour Government, desperate for the immigrant vote, grants amnesties for illegal immigrants every two or three years!

"How COULD our public transport operate without the Immigrants?"

SCORES of White women could not have given an answer to this question immediately after an incident on London Underground's Piccadilly Line last September. They broke down in tears of terror after a gang of FIFTY Black muggers invaded their train at Covent Garden.

Passengers were assaulted and robbed of handbags and wallets. The savages then punched and kicked their way out of the station and escaped.

One answer to the question was given by London bus staff serving routes in multi-racial Wood Green and Hornsey after a series of attacks. They simply withdrew last bus services.

Birmingham bus driver Mr. Owen O'Neill was unable to answer the multi-racialist question after one journey last August as he was kicked in the mouth by "two Rastafaria types" who disputed their fare.

When his power of speech was restored his suggestion for his comment was: "There must be a grill between the driver and passengers."

Last April a gang of six West Indian thugs boarded a bus at Mackadown Lane, Birmingham, snatched a 17 year old White girl's handbag, robbed the driver of £30, beat up one passenger who protested, and urinated on others. Later they bombarded the bus with dustbins and bottles.

An interesting answer to the multi-racialist question might be given by Asian Birmingham bus driver Abdul Jalif. Two West Indian thugs dragged him from his cab recently and beat him up for four minutes in reprisal for his requesting their fares.

While Jalif was being beaten up his busload of passengers remained in their seats — no doubt asking themselves: "How could our public transport operate without the immigrants?"

JOBS FOR THE (BLACK) BOYS

UNEMPLOYMENT is just as much a disaster for White as for Black school-leavers. Yet because jobless young Blacks turn more readily to mugging and rioting, it is now Government policy — with Tory backing — to give Blacks an advantage over White youngsters in the scramble for jobs.

The Guardian reported on March 9: "Young unemployed Blacks are to be given some sort of priority on training programmes under the Government's £1,000 million Youth Opportunities Scheme."

Mr. Douglas Knight, Regional Director of the Manpower Services Commission, outlined this "positive discrimination" in favour of Blacks at a conference at Bradford, Yorks.

While saying he wanted to prevent a repeat of the outcry which followed Camden Borough Council's scheme to favour Coloured job applicants, he nonetheless announced the appointment of 20 "outreach officers" whose main job

would be to work with immigrants and Black organisations to help Black youngsters.

During the conference Mr. Knight was criticised by delegates, many of them Blacks, for failing to take enough action to ensure preferential treatment for unemployed young Blacks!

Shown below is the January intake of a job training scheme in Blackburn, Lancs — i.e. before Mr. Knight revealed his scheme. Of the 11 trainees, only 3 are White.

What chance will White youngsters have now that "Put Blacks First" is official Government policy?

Curry-house cook carried Typhoid

SHOCKING details of how an Asian Immigrant has spread typhoid in Britain were contained in a confidential letter from an official of Brent & Harrow Area Health Authority to the Housing Director of Brent Borough Council.

Copies of the letter were circulated by Brent NF Branch thanks to help from patriotic Council employees. Newspapers criticised the NF for keeping the public informed.

The letter explained how a hunt for the source of an outbreak of typhoid in Harlesden led them to 20 year old Immigrant Mohammed Razzaq — a cook who lived above

the Indian restaurant where he worked!

"We found that Razzaq was excreting typhoid organisms," the letter declared. "When we stopped him working in the restaurant he 'took off' and for a short period could not be located . . ."

" . . . He has been in hospital for some two months now and the prospect of ridding him of his carrier state is now remote. The hospital now wishes to discharge him."

ANOTHER RESTAURANT?

The problem was: where could Razzaq live?

If he returned to his parents' home in Harlesden he risked infecting ten relatives. The Health Authority letter confided:

"We are anxious to keep track of him as it is possible that he might try to take up employment at another restaurant. He has refused training in another type of work . . . and there have been problems in persuading him to take hygienic precautions necessary to protect other people . . ."

The Housing Director was therefore asked to provide Razzaq with a flat with self-contained cooking and lavatory facilities — without which "he will be a serious health hazard."

FRONTLINE ACTION

LONDON: The nationwide publicity accorded to the failed attempt by Mr. Sidney Weighell, extreme Left Wing General Secretary of the National Union of Railwaymen, to institute the expulsion from the NUR — and thereby from their employment with British Rail — of all NUR members who belong to the NF has brought a flood of enquiries about the NFRA (National Front Railwaymen's Association). All NF members who work on the railway should now join the NFRA following the Weighell fiasco. The group also publishes a fine monthly bulletin which all NF trade unionists should subscribe to. Details from NFRA c/o NF Head Office.

PADDINGTON, London: This story should be in an 'NF Not in Action' column! *The Paddington Times* of March 31st reported the conviction of five youths who raided a local armory in a plan to put the Black Community in fear by pinning the burglary on the National Front. One of the youths, Robert Nash admitted that after a heated argument with a Black man he thought that the Coloured people of the area were going to 'get' him. So he and his friends raided an Army Cadet centre, stole rifles, a Bren gun and ammunition and left behind "a National Front mark" as a means of distracting the attention of the local Blacks from himself to the NF.

NORTHAMPTON: Ten Northampton Group Activists raised more than £40 in a sponsored walk on April 16 organised by Group Chairman Mr. Paul Soden. The following week Northampton YNF members distributed hundreds of leaflets to members of various local youth organisations who attended a St. George's Day rally in Abingdon Park.

CANTERBURY, Kent: Socialist Worker Party members of the "Anti-Nazi League" are still employing terrorist tactics against R.C. secondary school teacher Miss Joan White, the NF Prospective Parliamentary Candidate for Canterbury. During recent weeks the cowardly Red thugs have thrown bricks through her windows, daubed swastikas on her front gate and made threatening phone calls to her home at 2 a.m. Miss White, aged 58, lives alone. On one occasion she heard shouts of "Nazis get their houses burned" at her front door. When she opened it she found her porch covered in SWP stickers. Miss White told the *Kent Messenger*: "If the only tactics these people have is to terrorise people it doesn't seem they have much to offer. It makes me all the more determined to continue."

CAMBORNE, Cornwall: During April an anti-National Front organisation sponsored by the Labour Party Young Socialists called the "Cornwall Liaison Committee" held a meeting in Camborne to discuss ways of arresting the steady growth of the NF in Cornwall. It was decided that violence should be used to prevent NF meetings taking place. In response to this threat 20 young NF Activists descended on the next meeting in Camborne of the Young Socialists and totally disrupted it. Camborne NF Group Organiser Mr. Malcolm Swingle told the *West Briton*: "We did this to show that it is not worth while for any political party to attempt to use violence against the NF. We would hope that all people in Cornwall will act in a civilised manner — but if there is violence we will defend ourselves!"

RET福德 & WORKSOP, Notts.: The NF's great propaganda asset, Bassetlaw Labour MP Mr. Joe Ashton (who is so stupid that the Zionists allow him to sit on the Executive of their "Anti-Nazi League") may have to contest his constituency in competition with an NF candidate at the next General Election. Mr. Colin Bayliss, NF East Midlands Regional Agent, has told local papers: "The Labour TV programme attacking the NF which Mr. Ashton made stirred up a lot of interest in the NF in this area. If recruitment continues at the present rate then we shall be able to nominate a candidate for Bassetlaw."

HEMEL HEMPSTEAD, Herts.: Nine Hemel Group members, led by Mr. Kevin Gladwell, Organiser, and Mr. Terry Morgan, Secretary, attended a meeting on "Defence" organised by the Conservative Party at which Mr. Philip Goodhart, MP for St. Albans was speaker. The NF members dominated the question time, making it clear that the NF desired to rebuild Britain's armed forces to an effective level and would desist trading in military technology with Communist states. From the platform Mr. Goodhart rejected the NF views as "simplistic". After the meeting Mr. Goodhart patted Mr. Morgan on the back and told him: "I agree with everything you said!" When was Mr. Goodhart speaking his mind?

WEST BROMWICH, W. Midlands: A chink in the all party anti-NF alliance was seen in the local Council elections here. The ratepayer subsidised Sandwell Council for Community Relations boss Hassan Zaidi sent a statement to all Labour, Liberal and Conservative candidates condemning the National Front and asking them to sign it. All the Tory candidates refused to sign. "Mr. Zaidi is paid out of public funds and should be impartial. There could be a case brought up against him under Election Law," said their spokesman.

"Come and join us!"

ANDREW MOFFAT AND CAROLINE GILES, both 18 year old 'A' level students, won big publicity in Sussex papers recently when they led a Young National Front leafletting campaign outside schools in the Worthing area. Most youngsters rushed to take a leaflet as the picture below shows. In a newspaper interview Andrew and Caroline both said they joined the NF because they were patriotic. "Patriotism's a dirty word to the Leftists. They call us 'Nazis'. I've been a member for two years and I know that the NF is totally democratic," said Andrew. Caroline added: "Lots of young people are joining the YNF now — we have a great time!"

Patriots confront 'Grunwick' bully

'BRITISH' AND 'FRENCH' Communists who befouled the streets of Ramsgate on May Day in a demonstration of 'solidarity' got a shock when they found themselves confronted by a crowd of British and French patriots — of the National Front and the Front National. Jack Dromey, the pompous bearded bag of wind from the Grunwick strike slunk deflated into the Reds' meeting hall after a mouthful of amplified 'advice' from Mr. Dave Smith, Kent NF Regional Organiser.

LOCAL ELECTION LESSON: WE MUST SINK LOCAL ROOTS

COMMENTARY on the National Front's performance in the May 4 local Council Elections by Press and TV pundits contained numerous factual errors and was clearly aimed at the morale of NF Activists and not intended to provide the general public with genuine information.

The picture the media tried to paint was of "disastrous results everywhere." There were indeed areas which produced disappointing and downright bad results, but there were also a number of really very good results — and not just in London.

While local press smear campaigns contributed to some of the very bad results — especially in Yorkshire — a feeling is emerging that perhaps the most important cause of disappointing results was lack of local preparation for the campaign.

In order that the highest possible number of candidates could be put in the field there was widespread pressing into service of politically inexperienced members as candidates — often only days before close of nominations.

These candidates, obviously, had not been able to spend time promoting a local knowledge of themselves as local candidates and involving themselves with local organisations and relevant local issues.

Such a situation is inevitable in the development of a new party which in order to grow as an organisation has to pursue a policy which favours large numbers of candidates as an aid to membership recruitment rather than top quality individual campaigns.

The press political commentators know very well what our tactics are in this regard, thus for them to 'analyse' our performance using the same criteria as the long-established Parliamentary parties is proof that their approach to the NF is superficial and propagandistic.

In areas where NF Branches and their candidates have been able to sink 'local roots' the results were very good indeed; especially in London.

In Hackney results ranging between 9 and 26 per cent were the order of the day. In Hackney South & Shoreditch constituency the NF is well on the way to establishing itself as the 'Second Party', trouncing the Conservatives in three wards and the Liberals in all wards.

Nearly as good results were obtained in nearby Tower Hamlets Borough, with percentages rising to around 15 and one as high as 21 per cent.

Elsewhere in East London results ranged between 5 and 12 per cent. In North London results hovered between the 4 to 6 per cent level, but with a few encouraging 10 per cents.

Wandsworth Branch produced the highest percentage in the whole of South London with one just over 12.24 per cent. Lewisham's best result was 11.5 per cent, but averaged around 6 per cent.

Throughout the whole of London NF candidates — even where votes had dropped back — were maintaining the trend of beating the Liberals more often than not — contrary to false reports given out by the Press.

Outside London, where new NF Groups have been formed, there were some very encouraging results. In various parts of Hertfordshire 9 per cents were achieved; in Tyneside 10 per cent, in Dudley 12 per cent.

While a 10 per cent was achieved in Wolverhampton, the results overall in established West Midlands centres were disappointing. But even those results were good compared to results obtained in Yorkshire where the highest percentages were 7 per cent in Halifax and 6 per cent in Rotherham.

Up to the next General Election the party, for the sake of organisational growth, must continue to pursue its 'maximum number of candidates' strategy. But after that milestone the party will have the opportunity to pursue a policy of consolidation.

The NF National Directorate extends warm appreciation for all the devoted hard work put in by candidates, their agents and Activists in all areas.

NF "too popular" — Gewirtz

DR. JACOB GEWIRTZ, Director of the Defence Committee of the Zionist Board of Deputies of British Jews complained in a speech this April that growth in support for the National Front was "disconcerting."

"In 1970 their nationwide vote was less than 11,000. In 1977 they accrued 119,000 votes in London alone. In the next General Election they want to put up over 300 candidates and they can be expected to get something like half a million votes."

"So you have astute politicians in the National Front and they now have enough people to conduct a good campaign. Don't underestimate them. They make sure they do everything right and proper. They are extremely polite."

"It may be that they will have to be banned."
